

TIDEL, Tulsa's Integrated Data-system

PARTNERSHIP PROFILE

Shared goal: Continue or Leverage existing partnerships to meet youth needs, Improve program quality

Description: Beginning in 2017, The Opportunity Project engaged community partners in participating on a data design team. This team met over the course of 8 months and reviewed three separate data systems. The team created a list of system priorities which helped guide the decision making process.

In partnership with Cityspan, The Opportunity Project launched TIDEL, Tulsa's

How do you address inequity?

Collecting and analyzing real time data will allow partners and organizations to make informed decisions, ensuring the most equitable outcomes. Partners are able to see what groups of students are succeeding and which groups need more supports.
