GIRLS INC. UNIVERSITY 2020-21

FULL DAY ACADEMIC SUPPORT AND ENRICHMENT

GIRLS INC. UNIVERSITY 2020-21

This upcoming 2020-21 school year, Girls Inc. will provide some great programming, but it will look somewhat different than many of you may be used to. We would like to introduce our new program to support virtual learners at our Girls Inc. Center. Girls Inc. will host a full day program Monday through Friday of each week for girls in grades K – 8. This unique program combines academic focus to support the girls as they complete their virtual learning from their school and the amazing Girls Inc. experience you know and love.

Academic support will be provided by well-trained experienced educators who will work with each girl to ensure she completes all class assignments. The educators will also work with each family to complete an individualized academic plan that will create a roadmap for what our girls can do as enrichment material and project-based activities that cater to her interests both inside and outside of the classroom.
